Simple Exercise

- This is a simple exercise for practicing speaking. You must be having a voice recorder on your device. Just open it, and start recording from Day 1 to Day 30, and keep those recordings.
- A TIP-
- Suppose, you record for Day 1, then you should listen to what you spoke, after that, analyze, what vocabulary you lacked, which sentence structure you were having trouble making, etc... and try to improve the other day.
- After a month, listen to the audios and you will be surprised to see the improvement you made.
